## Welcome Address

François Giuliano

Dear Colleagues,

On behalf of the European Society for Sexual Medicine (ESSM), the two French Associations of Sexology, AIUS (Association Interdisciplinaire post-Universitaire de Sexologie) and its President Mireille Bonierbale, SFMS (Société Francophone de Médecine Sexuelle) and its President Gilbert Bou Jaoudé, we are delighted to welcome you all to the 19th Congress of the ESSM in Nice, 2017.

Nice is a pulsating city, capital of the French Riviera and its famous “Promenade des Anglais” running on the sea shore ANGELS BAY with the snowed ALPES Mountains in decor background. Even in winter the temperatures are lenient. You can reach Nice Côte d’Azur Airport (2nd Airport of the country) on non-stop flights from more than 140 destinations. The ESSM congress will be hosted at the Acropolis Center.

Daniel Chevallier

The goals of the congress will be to both deliver the optimal scientific and educational programs and to promote the field of Sexual Medicine. The content of the congress will cover topics regarding both sexes and all sexual orientations and both state-of-the-art educational opportunities and the newest innovative research will be highlighted. To achieve this, the faculty will include both renowned experts and up-coming stars in our field. The Local Organizing Committee will strive to make the importance of the congress evident to the public and to the scientific and health care authorities. This is crucial because of the obvious co-dependence between the people who develop and the people who perform treatments. Finally, we wish to create more networking opportunities for especially young researchers and health care providers with an interest in Sexual Medicine. We encourage each of you to listen, to learn, to disagree, to debate and if required to argue, and most of to enjoy both, old and new friendships.

If you have time to enjoy the city during the congress, a thousand year history awaits you in museums and open historical buildings throughout the Old City (Vieux-Nice).

We look forward to welcoming you to Nice and together we will build a great ESSM Congress for 2017.

## ESSM Prizes and Awards

### MEETING AWARDS

The best presentations will be awarded by ESSM's Scientific Committee.

1. Prize for the best presentation on psychosexual, gender and sexology
2. Prize for the best presentation on FSD (clinical)
3. Prize for the best presentation on basic and translational research
4. Prize for the best presentation on MSD (clinical)
5. Prize for best surgical video

Please note that the author of the presentation must be present during the congress in Nice.

### THE ESSM PRESTIGE AWARDS

The Executive Committee of ESSM decided to establish two awards to be presented during the annual meeting of the Society:

#### The ESSM Career Award

This award will be presented to a senior scientist who has made an outstanding contribution in the field. The award winner will be elected by the Executive and Scientific Committees. The award will be presented during the opening ceremony.

#### The ESSM Award of Excellence

This award is presented annually to a physician or scientist under 40 years of age (either in basic sciences or clinical practice) who has made recent exceptional achievement in the field.

### ESSM RESEARCH GRANTS

Every year ESSM grants up to EUR 30,000 each to 3–4 research projects with a maximum duration of 18 months. Research Grants are open to all ESSM members who fulfill the eligibility criteria. The application deadline, eligibility criteria and terms and conditions of the grants can be found at the ESSM website. We will be hearing from some of the previous grant holders in Nice meeting about their exciting and ground breaking research.

### ESSM BASIC SCIENTIST TRAVEL GRANTS

These grants which all members of ESSM are welcome to apply for (providing that they meet the eligibility criteria), are intended to support basic scientists wishing to attend the ESSM Annual Congresses. ESSM recognises that basic scientists who are not actively engaged in clinical work in sexual medicine field may have difficulty finding sponsors to attend ESSM Annual Congresses. ESSM will therefore award a free registration and EUR 500 travel expenses to ten of its members towards attending the Annual Congresses. The application deadline, eligibility criteria and terms and conditions of the grants can be found at the ESSM website.

### F1000 POSTER PRIZES

The 'Faculty of 1000' has offered three best poster prizes during the 19<sup>th</sup> ESSM Congress 2017 in Nice for pre-clinical, male clinical and female clinical research.

#### The prizes will comprise of:

1. A year's personal subscription to F1000Prime – “any award winner is clearly somebody who takes their research seriously and has excelled in their work. In order to harness this enthusiasm, we provide them with their own personal access to F1000Prime recommendations so that they can keep up to date with the top articles in the literature, and help in supplementing ongoing projects.”
2. A free submission to F1000Research – “we provide the winners with the opportunity to publish their work rapidly with no hassle, giving them quick priority on their work, and enabling everyone in the field to benefit from their work right away.”
3. A Faculty of 1000 certificate – “because it's nice to have a hard copy of the achievement for the award winner's record and curriculum vitae”.

F1000 is composed of 5,000 Faculty Members – senior scientists and leading experts in all areas of biology and medicine – plus their associates. The Faculty recommends the most important articles, rating them and providing short explanations for their selections. More info can be found at <http://f1000.com/>.

## Format Descriptions

### MASTER LECTURES

Master lectures of 30 minutes will be given by a distinguished and renowned expert and will be devoted to a specific topic of major interest.

### DEBATES

During the three days of the congress debates are scheduled for 30 minutes. First a case will be presented by experts and followed by a discussion concerning pro and cons.

### ROUND TABLES

These sessions will usually last 90 minutes. Some of these sessions are scheduled for at least 60 minutes. They will focus on a particular topic and present the very latest data related to it. The round tables will include four or five papers and time for discussion.

### WORKSHOPS – Lessons from the experts beyond the EBM (evidence based medicine)

Workshops are designed for an interactive exchange of knowledge in the field of Sexual Medicine. During each workshop a short review of the accepted practice will be given following practical tips and tricks for the daily practice. The workshops will be conducted by a prominent, experienced speaker. The number of participants will be limited and according to “first come first served”. For the daily practice, hand-outs will be available online following to the respective workshop.

### LIVE SURGERY

International experts will demonstrate cutting edge techniques and new tricks in a lively format. The surgery will be lively broadcasted from a hospital in Nice.

### VIDEO SURGERY COURSES/ SUBMITTED SURGERY VIDEO SESSIONS

The video surgery courses will last for 60 and 120 minutes, each video has a duration of 6 minutes followed by 2 minutes discussion. A panel of selected experts will present surgical videos showing different techniques and approaches.

### SYMPOSIA IN NATIONAL LANGUAGE

During the three congress days a dedicated room will be provided for symposia in national language by the National Affiliated Societies of the ESSM.

### PODIUM SESSIONS

These sessions will present the best papers accepted for the congress and will focus on specific topics presenting the very latest findings in this field. Each session will last between 30 to 120 minutes. Authors are invited to submit abstracts as oral presentations, classified by topics at [www.essm-congress.org](http://www.essm-congress.org)

### POSTERS

Authors are invited to present their latest research findings or important ongoing research as posters; these will be grouped into areas of research by the ESSM scientific committee. The poster exhibition is preliminary scheduled from Thursday, 2 to Saturday, 4 February 2017.

### HIGHLIGHTED POSTER TOURS

Authors have been invited to submit abstracts on their latest research guidelines or important ongoing research. The highlighted poster tours were selected by the Scientific Committee based on a peer review of all abstract submissions. The most interesting posters are grouped by topic and presented in 30-minute moderated tours. Each tour will consist of a maximum of 7 posters in the same general field and will take place during the coffee breaks from Thursday to Saturday.

### INDUSTRY SPONSORED SESSIONS

Industry sponsored sessions are organized by the industry in consultation with the scientific committee. They are considered for the congress days from Thursday to Saturday. These sessions are scheduled during the congress and will not interfere with the scientific program.

### CME ACCREDITATION

An application will be made to the EACCME for CME accreditation of this event.

# UPDATE 2017

IN SEXUAL MEDICINE

## FROM KNOWLEDGE TO BEDSIDE PRACTICE

Sexual Medicine is a discipline concerned with the impact [From Evidence Based to Expert's Tips and Tricks in Sexual Medicine!](#)

The ESSM UPDATE 2017 is intended to support some gaps in the field of Sexual Medicine Education, namely what is not written in the books. That's why we call it "[From Knowledge to Bedside Practice](#)". In fact, it is the ideal moment to ask for pearls and diamonds on Sexual Medicine skills. WHY? Because be sure that this is the right place where you might be able to find what you always wanted to learn, but didn't know where to look for...

Education is one of the main purposes of ESSM. We want to promote research and exchange of knowledge about the clinical entity of sexual dysfunction throughout Europe, to establish and support the highest standards of ethics in clinical practice, education, and research in the field of sexual dysfunction and to provide education to clinicians who had limited or no experience in the field, as well as continuing education to those involved in the management of sexual dysfunctions.

Sexual Medicine as a multidisciplinary activity raises the attention of a huge number of healthcare providers from all kind of specialties. This is a fact that we all must be aware of in order to provide the best service for our associates.

This one day course will take place the day before the Annual Congress in Nice ([www.essm-congress.org](http://www.essm-congress.org)) and then every other year, switching with the ESSM preparation course that takes place before the MJCSM and ECPS exams (for more information on these certifications on Sexual Medicine go to [www.essm.org/education/certifications](http://www.essm.org/education/certifications)).

And even if you don't feel fully updated and enlightened, you can always join the "LUNCH WITH THE EXPERTS" – the right moment to ask: Look, I have this patient at my office door with these complaints. How should I proceed...?

Register now for the new developed

## Call for Late Breaking Abstracts

For the submission of late breaking oral and poster presentations, abstracts in English are required by the ESSM Scientific Committee. Abstracts can only be submitted online on the congress website [www.essm-congress.org](http://www.essm-congress.org)

### Submission deadline for

1. Late Breaking Abstracts – Posters
2. Late Braking Abstracts – Oral Presentations

open from: 5 December 2016 – 5 January 2017

### ESSENTIALS FOR ALL ABSTRACTS

Please read the essentials for abstracts carefully before submitting an abstract:

- ▶ Abstracts can be submitted as oral, poster or poster/oral presentation.
- ▶ Abstracts must be prepared in English.
- ▶ Abstracts should be submitted online via the congress website. Abstracts received by e-mail, on paper or by fax cannot be accepted.
- ▶ For poster submissions, a maximum of 3 abstracts may be submitted by each author. If the author is not the presenter, a presenter must be added. A presenter is allowed to present up to 3 posters during the congress.
- ▶ Presenting authors whose abstracts are accepted for presentation must register for the Congress and pay the required registration fee.
- ▶ Please note that a maximum of 300 words is allowed.
- ▶ Abstracts accepted as oral or poster presentations will be published in a dedicated online supplement of the Journal of Sexual Medicine (JSM) following to the ESSM Congress 2017 after being presented during the congress.
- ▶ Abstracts can be saved in draft status and completed before the deadline. The submission system will generate a temporary submission number that must be used in all correspondence. If you do not receive this number immediately after your submission, your abstract has not been registered.
- ▶ A title that clearly indicates the nature of the investigation should be provided.
- ▶ Abbreviations should be avoided in titles, but may be used in the text if they are defined at first usage.
- ▶ The abstract should be as informative as possible: **Objectives** (indicate the purpose of the study or the hypothesis that was tested), **Methods** (include the setting for the study, the subjects, the diagnosis or intervention, and the type of statistical analysis. if references are needed, they should be given in the text). **Results** (present as clearly as possible the outcome of the study and statistical significance if appropriate) and **Conclusions** (briefly discuss the data and emphasize the significance of the results).
- ▶ Please ensure that your abstract does not contain spelling, grammatical or scientific errors, as it will be reproduced exactly as submitted.
- ▶ Abstract submissions must be accompanied by a declaration of any potential conflict of interest for all authors (first authors) since scientific sessions are intended to focus on educational content that is free from commercial influence or bias.
- ▶ All accepted abstracts will be published in the online scientific program from 1 February 2017.

Please follow carefully these instructions. Abstracts not prepared correctly will not be considered for presentation. Correction of abstracts cannot be accepted following to the deadline as mentioned above.

Authors will be informed on the acceptance of their abstracts beginning of January 2017.

Please bear in mind that accepted abstracts will be published in the online JSM supplement only after completed registration and payment of the congress registration fee and presentation during the ESSM Congress 2017.

Fax: +39-02-700 485 85  
Email: aifa@aimgroup.eu

### LETTER OF INVITATION

The congress organiser will be pleased to send a formal letter of invitation to registered delegates requesting an invitation letter for visa purposes. It is understood that such an invitation is intended to help potential delegates to raise funds or to obtain a visa. This does not imply a commitment from the congress to provide any financial support. Letters of invitation may be requested from the congress office not later than 6 January 2017. The letters will be sent by email or upon request by postal mail. In case an express delivery is needed, the delegate shall order a courier at his/her own expense.

Please email [essm2017@cpo-hanser.de](mailto:essm2017@cpo-hanser.de) for your official letter of invitation.

### VISA

The entry formalities for France vary according to the country of origin. Please address enquiries about entry and vaccination to your travel agent or the local French consulate. Further information can also be found at [uk.france.fr](http://uk.france.fr).

### INSURANCE

The congress fee does not include insurance. All participants should arrange for their own insurance. Health and accident insurance is recommended and has to be purchased in your country of origin.

### TIME

During wintertime from November to March the time zone in France is CET (Central European time or UTC+01:00).

### CURRENCY

Euro (EUR/€) is the official currency of France. Major credit cards are generally accepted by most of the hotels, restaurants and shops.

### CLIMATE

The average temperature is approx. 10°C with a very pleasant high of 14°C, and an evening low of around 5°C. In January/February, rain is quite prevalent compared to other months in Nice. Generally, the rain probability is quite low.

### BANK AND ATM

Most banks in France have automated teller machines (ATMs) that give cash advances on foreign cards, such as VISA, Cirrus, Citibank, and American Express.

### ELECTRICITY

The local voltage is 220 V with C plugs. A voltage converter and plug adapter is needed for US and UK appliances.

### FORCE MAJEURE

For reasons beyond its control (such as war, strikes, lockouts, riots or any such civil disturbances, any acts of god, including but not limited to earthquakes, floods, droughts and typhoons and any other cause of circumstance of whatsoever nature beyond control) that have an impact on the arrangements, timetables or planning of the 19<sup>th</sup> Congress of the European Society for Sexual Medicine and its corresponding activities in Nice, France, ESSM has the right to immediately alter or cancel the activities or events or any of the arrangements, timetables, plans or other items relating directly or indirectly thereto no party involved shall be entitled to any compensation for damages that result from such alteration or cancellation.

## General Information

### NICE ACROPOLIS CONVENTION AND EXHIBITION CENTRE

The 19<sup>th</sup> ESSM Congress will take place in the Nice Acropolis Convention and Exhibition Centre, which is located in the heart of Nice, only a few steps away from the Bay of Angels. In 2011/2012, the Convention Centre was renovated and features since its versatile functionality and perfect connection to the public transport system of Nice.

### HOW TO GET TO THE NICE ACROPOLIS CONVENTION AND EXHIBITION CENTRE

#### **From the Airport**

The Nice Côte d'Azur airport (the 1<sup>st</sup> in France after Paris) is less than 15 minutes away from the city centre and offers direct flights to 100 destinations in over 30 countries. The Acropolis Convention centre is located 7 km away from the airport; with which it is connected by bus and tram (Bus n° 98 to the station "cathédrale vieille-ville"; then take the tramway towards "Pont Michel"; Stop at "Acropolis").

#### **By Tram**

The line 1 connects the north and east of Nice and is a comfortable and effective transportation vehicle. Over a distance of 8,7 km and 21 stops, the tramway drives through the city centre, Avenue Jean Médecin and Place Masséna. The stop Acropolis immediately leads you to the Convention Centre.

#### **By Bus**

Bus service is also an excellent way to get around Nice. Nice offers more than 130 bus connections per day driving to 49 communities around Nice.

#### **By Taxi**

Nice disposes of a network of 350 taxis.

Nice Airport – city centre:

Daytime rates (7:00–18:00): From € 23–31

Night rates (18:00–7:00): From € 28–33

(not including luggage supplements)

These rates are approximate and can vary according to traffic conditions. The price to be paid is indicated on the taximeter. Taxis expect cash and do not offer payment by credit cards.

#### **By car**

From the A8 motorway "Provencal": Exit n° 50 towards "Nice Centre" and the "Promenade des Anglais"; then follow the sign "Acropolis". Public parking slots are available in the surrounding of the convention centre (between 5–10 minutes walking distance).

### HOUSING – HOTELS IN NICE

#### **CPO HANSER SERVICE – Our Services**

As the official housing agency for the ESSM congress CPO HANSER SERVICE has secured a variety of hotels that range from four stars to budget accommodation.

Nice's diverse accommodation options range from traditional and elegant to trendy and modern. Whether in the heart of Nice, or situated close to the Nice Acropolis Convention and Exhibition Centre. There is a hotel for every taste, budget and need. Depending on the property you select, your hotel stay will include a wide range of amenities, exclusive to ESSM delegates.

For ESSM delegates, CPO HANSER SERVICE has secured numerous properties from which you can choose with a variety of rates. Hotel bookings are available online via CO HOTEL ONLINE®.

# ESSM

European Society for  
Sexual Medicine

The European Society for Sexual Medicine (ESSM) is a not-for-profit, multidisciplinary, academic and scientific organisation dedicated to male and female sexual health and dysfunction.

## Benefits from Becoming an ESSM Member

- ESSM offers its members a permanently updated web-site with different forums and a monthly update of the whole scientific literature of Sexual Medicine, Andrology and related medical disciplines.
- ESSM provides its members quarterly newsletter, ESSM Today which features the most recent news in the field of Sexual Medicine and focuses on key topics of interest to physicians in the field.
- ESSM has supported the creation of the Multidisciplinary Joint Committee on Sexual Medicine (MJCSM) that is working under the auspices of the European Union of Medical Specialists (UEMS). MJCSM's objectives are to study, promote and harmonize the highest level of Sexual Medicine in Europe – both on the basic and postgraduate level. The MJCSM will determine the standards for training and assessment in Sexual Medicine. Successful candidates will be awarded on behalf of the MJCSM the title of "Fellow of European Committee on Sexual Medicine (FECSM).
- Since 2007 ESSM has offered interested ESSM members the participation in a course of the European School of Sexual Medicine. Since 2013 the course is held in Budapest with the participation of more than 40 students from all over the world, supervised by the School Directors Yacov Reisman and Francesca Tripodi.
- Besides this structured course ESSM offers at its annual congresses both instructional courses related to topics of interest in Sexual Medicine and Master Courses covering the key contents of the ESSM educational program.
- ESSM provides to its members important research grants which all members are welcome to apply for according to eligibility criteria. These are intended to further research into any aspect of Sexual Medicine and are awarded with a maximum of EUR 30.000,00 each for a maximum of 18 months project duration.
- ESSM recognizes that basic scientists who are not actively engaged in clinical work in sexual medicine field may have had difficulty finding funds to attend the ESSM Annual Congresses.
- Fellowship support options are available either on individual application, supported by the National Affiliated Societies or by applying to different initiatives supported by the ESSM and open for members to apply upon invitation.

## Take Your Chance – Become a Member of ESSM, Now!

Seize the day, or in Latin Carpe diem and become a member of ESSM now, to take all the advantages and benefits of ESSM membership.

There are two levels of ESSM membership available:

### ESSM/ISSM Membership

A combined ESSM/ISSM membership (annual fee 160 EUR) for both Sexual Medicine Societies (ESSM/ISSM) including all ESSM and ISSM membership related services, including a subscription to the online version of the Journal of Sexual Medicine which is the monthly journal of the ISSM (International) and ESSM (European), and is the leading Journal in the field of Sexual Medicine. In addition there are reduced registration fees for all ISSM/ESSM related congresses.

### ESSM only Membership

ESSM only membership (annual fee 50 EUR – reduced to 25 EUR for residents in training) which includes the ESSM official Scientific and Social periodical, the „ESSM Today“, full access to the new comprehensive ESSM website:

[www.essm.org](http://www.essm.org)

(including regularly updated scientific material, monthly updated literature reviews, the most recent guidelines, lecture recordings and presentations from past ESSM congresses), the opportunity to participate in the ESSM educational programs, and to apply for scientific and support grants and a reduced fee for the ESSM annual congress.

Formal ESSM membership applications can either be submitted directly to the ESSM or through one of the national ESSM affiliated societies. The ESSM Executive Committee is responsible for the approval of the membership application.
